Michael Anderson

URBAN FARM MANAGER

An innovative Organic Horticulture Specialist with a focus on urban agriculture and sustainable practices, bringing over 5 years of hands-on experience in managing community gardens and urban farms. Expertise in soil management, crop planning, and community engagement initiatives aimed at promoting local food production. Skilled in utilizing technology to enhance urban farming practices and educate diverse populations about the benefits of organic produce.

EXPERIENCE

URBAN FARM MANAGER

City Green Gardens

2016 - Present

- Managed operations of a 2-acre urban farm, focusing on organic vegetable production.
- Engaged local communities through workshops on sustainable agriculture.
- Implemented composting programs to enhance soil health.
- Coordinated volunteer days, increasing community involvement by 60%.
- Utilized social media to promote farm activities and products.
- Developed partnerships with local restaurants for farm-to-table initiatives.

COMMUNITY GARDEN COORDINATOR

Green City Coalition

2014 - 2016

- Organized community garden projects to promote local food production.
- Provided training on organic gardening techniques to community members.
- Assisted in grant writing for funding urban agriculture projects.
- Facilitated events to raise awareness about food security issues.
- Monitored garden health and implemented sustainable practices.
- Achieved a 30% increase in community garden participation.
