WORK EXPERIENCE

Organic Production Scheduler

2020-2023

Green Earth Organics

- Developed and maintained production schedules to ensure timely product delivery.
- Collaborated with the sales team to align production with market demands.
- Implemented quality assurance protocols to uphold organic standards.
- Monitored inventory levels and coordinated procurement of organic materials.
- Facilitated staff training on production processes and organic compliance.
- Analyzed production data to identify inefficiencies and recommend improvements.

Assistant Organic Production Manager

2019-2020

Whole Harvest Farms

- Assisted in managing day-to-day organic production operations.
- Conducted inspections to ensure compliance with organic certification.
- Engaged with local farmers to source organic inputs and materials.
- Participated in community outreach programs to promote organic practices.
- Maintained records of production activities and outcomes.
- Utilized production management software to track progress and efficiency.

ACHIEVEMENTS

- Increased on-time delivery rates by 30% through improved scheduling practices.
- Received recognition for outstanding teamwork and leadership in production.
- Successfully implemented an organic certification program for new products.
