MICHAEL ANDERSON

COMPLIANCE AND TRACEABILITY MANAGER

Strategic Organic Traceability Specialist with extensive expertise in regulatory compliance and sustainability practices in the organic food industry.

Demonstrated proficiency in developing and executing traceability systems that enhance product safety and quality. Strong analytical skills with the ability to interpret complex data and provide actionable insights to stakeholders.

Proven experience in leading cross-functional teams to achieve compliance with organic standards while driving continuous improvement initiatives.

PROFESSIONAL EXPERIENCE

Sustainable Farms Inc.

Mar 2018 - Present

Compliance and Traceability Manager

- Directed the development of an integrated traceability system for organic products.
- Ensured compliance with international organic standards, including EU and USDA regulations.
- Collaborated with supply chain partners to enhance traceability processes.
- Conducted training sessions for staff and stakeholders on compliance requirements.
- Analyzed traceability data to identify improvement opportunities.
- Managed audits and inspections to maintain certification status.

Fresh Organic Produce

Dec 2015 - Jan 2018

Traceability Analyst

- Assisted in the development of traceability protocols for organic produce.
- Conducted research on market trends and consumer preferences.
- Maintained comprehensive records of product sourcing and distribution.
- Collaborated with IT to enhance traceability software capabilities.
- Prepared reports on traceability metrics for management review.
- Engaged with farmers to promote best practices in organic farming.

ACHIEVEMENTS

- Increased compliance rates by 35% through effective training and process enhancements.
- Recognized for outstanding leadership during a major audit, resulting in zero non-compliance findings.
- Developed a traceability framework adopted by multiple partners in the supply chain.
