# MICHAEL ANDERSON

## PEDIATRIC ORTHODONTIST

Compassionate Orthodontist with over 12 years of experience in pediatric orthodontics, dedicated to providing high-quality care to children and adolescents. Known for creating a welcoming and friendly environment that eases patients' anxieties about treatment. Proficient in a variety of orthodontic techniques, including traditional braces, lingual braces, and expanders. Strong communication skills enable effective collaboration with parents and caregivers, ensuring they are informed and involved throughout the treatment process.

## **PROFESSIONAL EXPERIENCE**

### **Kid's Dental Care**

*Mar 2018 - Present*

Pediatric Orthodontist

- Specialized in orthodontic treatment for children, using age-appropriate techniques.
- Conducted initial assessments and developed treatment plans tailored to individual needs.
- Maintained a 98% patient satisfaction rate by creating a fun and engaging atmosphere.
- Utilized digital imaging and 3D modeling to improve treatment accuracy.
- Trained and supervised dental interns, enhancing their learning experience.
- Participated in local health fairs to promote children's dental health awareness.

### **Children's Hospital Dental Clinic**

*Dec 2015 - Jan 2018*

Orthodontic Resident

- Assisted in providing orthodontic care under the guidance of experienced orthodontists.
- Learned to manage patient anxiety through effective communication and support.
- Participated in research projects focusing on the impact of early orthodontic intervention.
- Helped educate families on the importance of oral health and preventive care.
- Contributed to community outreach programs that provided free dental screenings.
- Developed skills in patient management and clinical procedures.

## **ACHIEVEMENTS**

- Recognized as 'Pediatric Orthodontist of the Year' in 2020 for outstanding contributions to children's dental health.
- Led a successful initiative that increased awareness of early orthodontic care by 40% in the community.
- Published articles in pediatric dental journals highlighting innovative treatment approaches.
