WORK EXPERIENCE

Orthopedic Technologist - Outpatient Care

2020-2023

Outpatient Orthopedic Clinic

- Developed individualized rehabilitation plans for over 300 patients, focusing on non-surgical treatment options.
- Educated patients on injury management and prevention strategies, improving compliance rates.
- Assisted with therapeutic exercises and treatment modalities to enhance recovery.
- Worked closely with physicians to assess patient progress and adjust treatment plans accordingly.
- Utilized electronic health records to track patient outcomes and improve care delivery.
- Led workshops on orthopedic health, increasing community engagement by 40%.

Orthopedic Assistant

2019-2020

Community Health Center

- Assisted medical professionals in providing non-surgical orthopedic treatments to patients.
- Conducted patient assessments and documented treatment responses in health records.
- Prepared and maintained treatment areas, ensuring compliance with safety standards.
- Educated patients on home exercises and self-management techniques for orthopedic conditions.
- Participated in community outreach programs to promote orthopedic health awareness.
- Improved patient follow-up appointment rates through effective communication strategies.

ACHIEVEMENTS

- Awarded Patient Care Excellence for outstanding contributions to outpatient care in 2021.
- Increased patient engagement scores by 35% through personalized education initiatives.
- Implemented a new tracking system for rehabilitation outcomes, enhancing overall efficiency.
