## SKILLS

- Oxy fuel cutting
- Technical drawing interpretation
- Safety compliance
- Equipment operation
- Team support
- Quality assurance

## EDUCATION

### CERTIFICATE IN WELDING AND METAL FABRICATION, TRADE SCHOOL

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Achieved a 100% safety compliance rate during tenure.
- Recognized for outstanding performance in assisting with project completions.
- Successfully contributed to a project that lowered costs by 10%.

# Michael Anderson

## OXY FUEL CUTTING TECHNICIAN

Dedicated Oxy Fuel Cutting Technician with a robust background in metal fabrication and cutting technologies. Demonstrates a commitment to quality and safety in every aspect of operations. Skilled in operating various oxy-fuel cutting machines and interpreting technical drawings to ensure precision. Strong ability to work under pressure and adapt to rapidly changing environments.

## EXPERIENCE

### OXY FUEL CUTTING TECHNICIAN

Metal Fabrication Inc.

2016 - Present

- Operated oxy fuel cutting equipment for diverse fabrication projects.
- Ensured compliance with safety standards and operational procedures.
- Assisted in the setup and calibration of cutting machines.
- Transported and prepared materials for cutting operations.
- Participated in team meetings to discuss project progress and challenges.
- Maintained a clean and organized work environment to promote safety.

### CUTTING ASSISTANT

Allied Steelworks

2014 - 2016

- Supported lead technicians in the execution of cutting tasks.
- Learned to operate oxy fuel cutting equipment under supervision.
- Assisted in maintaining tools and ensuring equipment readiness.
- Recorded cutting metrics and assisted in quality checks.
- Engaged in continuous training to enhance technical skills.
- Adhered to safety protocols while working in the fabrication environment.
