- French

### EDUCATION

BACHELOR OF SCIENCE IN NURSING,  
CITY UNIVERSITY, 2014

### ACHIEVEMENTS

- Successfully led a community workshop on palliative care that attracted over 100 participants.
- Increased hospice referrals by 20% through community outreach initiatives.
- Received commendation for exceptional patient care during an annual review in 2021.

### PROFILE

Compassionate and skilled Palliative Care Nurse with over 8 years of experience in delivering high-quality care to patients with terminal illnesses. My background includes working in hospice and inpatient settings, where I have honed my skills in assessing patient needs, providing symptom relief, and offering emotional support to families. I am particularly adept at facilitating difficult conversations about end-of-life care, ensuring that patients' wishes are respected.

### EXPERIENCE

#### PALLIATIVE CARE NURSE

##### Peaceful Transitions Hospice

2016 - Present

- Provided holistic care focused on managing physical, emotional, and spiritual needs of patients.
- Led family meetings to discuss care goals and advance directives.
- Collaborated with physicians to ensure appropriate medication management and pain control.
- Educated patients and families about the palliative care process and available resources.
- Documented patient progress and care plans in compliance with regulatory standards.
- Trained new nursing staff on palliative care best practices and patient communication techniques.

#### NURSE CASE MANAGER

##### Community Health Systems

2014 - 2016

- Managed care for patients with chronic illnesses, focusing on symptom management and quality of life.
- Coordinated with healthcare providers to implement individualized care plans.
- Conducted regular follow-ups to assess patient progress and adjust care plans as needed.
- Educated patients on disease management and available community resources.
- Facilitated communication between patients, families, and healthcare teams.
- Participated in interdisciplinary team meetings to discuss patient care strategies.
