# Michael Anderson

## DATA-DRIVEN PAROLE OFFICER

Innovative Parole Officer with a robust background in criminal justice and a focus on evidence-based practices. Expertise in utilizing data analytics to assess offender behavior and inform rehabilitation strategies. Proven track record in collaborating with stakeholders to enhance public safety and support successful reintegration efforts. Strong leadership capabilities demonstrated through the management of multidisciplinary teams and the implementation of comprehensive case management approaches.

## EXPERIENCE

### DATA-DRIVEN PAROLE OFFICER

State Parole Board

2016 - Present

- Managed a data-driven caseload, utilizing analytics to predict recidivism risks.
- Implemented evidence-based practices to enhance rehabilitation outcomes.
- Collaborated with researchers to evaluate program effectiveness and outcomes.
- Conducted comprehensive assessments to inform case planning.
- Developed training materials on data utilization for staff development.
- Maintained accurate records to support data analysis and reporting.

### PAROLE OFFICER

Urban Correctional Facility

2014 - 2016

- Supervised offenders on parole, focusing on compliance and support.
- Conducted home visits and assessments to monitor progress.
- Engaged in community partnerships to provide resources for rehabilitation.
- Documented case activities and prepared reports for judicial review.
- Participated in training programs on evidence-based supervision techniques.
- Provided mentorship to interns and new staff in case management practices.
