

Michael ANDERSON

PARTICLE EFFECTS ARTIST

Dedicated Particle Effects Artist with a focus on educational and training simulations. Extensive experience in developing realistic particle effects that enhance instructional materials and facilitate learning. Proficient in utilizing software tools such as Blender and Unity to create immersive environments that engage users. Recognized for the ability to translate complex concepts into visually appealing effects that resonate with learners.

WORK EXPERIENCE

PARTICLE EFFECTS ARTIST

Maya Learning

2020 - 2025

- Developed particle effects for educational simulations, enhancing user engagement.
- Collaborated with educators to ensure visual accuracy and relevance.
- Utilized Blender to create dynamic simulations that support learning objectives.
- Conducted user feedback sessions to refine visual effects.
- Maintained project timelines and ensured deliverables met quality standards.
- Participated in content strategy meetings to align effects with educational goals.

JUNIOR VISUAL EFFECTS ARTIST

Educational Media Company

2015 - 2020

- Assisted in the development of visual effects for training materials.
- Learned to create particle effects that support instructional design.
- Collaborated with instructional designers to ensure visual clarity.
- Participated in project meetings to align visual effects with curriculum.
- Maintained documentation for visual effects processes and assets.
- Supported testing phases to ensure educational effectiveness of effects.
