EDUCATION

DOCTOR OF DENTAL MEDICINE (DMD),
PEDIATRIC DENTISTRY RESIDENCY, 2011

ACHIEVEMENTS

- Featured in a local health magazine for innovative dental care methods.
- Developed a mentorship program for dental students interested in pediatrics.
- Received the Community Health Award for service in underserved neighborhoods.

PROFILE

Innovative Pediatric Dentist with a focus on minimally invasive techniques and a passion for making dental care fun for children. My experience includes over 8 years of practice in diverse settings, from private practices to community health clinics. I strive to reduce fear and promote a positive experience for children during dental visits through engaging communication and the use of advanced technology.

EXPERIENCE

PEDIATRIC DENTIST

Happy Teeth Pediatric Dentistry

2016 - Present

- Developed and implemented a fun and educational dental program for children.
- Utilized laser technology for cavity detection and treatment, reducing discomfort.
- Created a welcoming office environment that improved the overall patient experience.
- Managed dental anxiety through behavior management techniques, leading to higher patient cooperation.
- Conducted over 1,500 successful dental procedures with a focus on prevention.
- Organized community workshops on children's oral health, reaching over 500 families.

DENTIST ASSOCIATE

Kids' Care Dental

2014 - 2016
