## **EXPERTISE SKILLS**

- biologics
- ELISA
- formulation development
- analytical testing
- regulatory compliance
- cross-functional collaboration

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- M.Sc. in Biotechnology, University of Biotechnology, 2014

# MICHAEL ANDERSON

## BIOLOGICS PHARMACEUTICAL CHEMIST

Innovative Pharmaceutical Chemist with a strong background in research and development, particularly in the area of biologics. Over 7 years of experience in the pharmaceutical industry, focusing on the formulation and analytical testing of biologic drugs. Experienced in collaborating with multidisciplinary teams to ensure successful product development and regulatory compliance. Proficient in utilizing cutting-edge technologies to enhance product efficacy and patient outcomes.

## **PROFESSIONAL EXPERIENCE**

### **Biotech Solutions**

*Mar 2018 - Present*

Biologics Pharmaceutical Chemist

- Formulated and tested biologic drugs, improving stability by 20% through innovative methodologies.
- Collaborated with regulatory teams to prepare documentation for IND submissions.
- Conducted analytical testing using ELISA and mass spectrometry to ensure product quality.
- Participated in cross-functional teams to facilitate successful product launches.
- Authored technical reports detailing findings from formulation studies.
- Presented research results at industry conferences, enhancing company visibility.

### **Innovative Biopharma**

*Dec 2015 - Jan 2018*

Pharmaceutical Chemist

- Conducted stability studies and analytical testing on various biologic formulations.
- Assisted in the development of biologically-based therapeutics, including monoclonal antibodies.
- Maintained laboratory equipment and ensured compliance with safety regulations.
- Collaborated with quality assurance teams to meet regulatory requirements.
- Provided training to junior chemists on biologics testing methods.
- Contributed to the preparation of regulatory submissions, achieving timely approvals.

## **ACHIEVEMENTS**

- Successfully developed a novel biologic formulation that received breakthrough therapy designation from the FDA.
- Improved analytical testing efficiency by 25% through the implementation of new technologies.
- Recognized for excellence in research with the 'Innovative Scientist Award' in 2022.
