Michael Anderson

RESEARCH PROGRAM COORDINATOR

Innovative Physical Sciences Program Coordinator with a strong emphasis on research and technology transfer, possessing over 9 years of experience in coordinating programs within academic settings. My expertise lies in managing research projects that bridge the gap between scientific discovery and practical applications. I have a proven track record of facilitating collaborations between researchers and industry partners to drive commercialization of research findings.

EXPERIENCE

RESEARCH PROGRAM COORDINATOR

University Research Office

2016 - Present

- Coordinated research programs that emphasized technology transfer initiatives.
