MICHAEL ANDERSON

SAFETY PROGRAM COORDINATOR

Proactive Physical Sciences Safety Specialist with over 12 years of experience in safety compliance and risk management in educational institutions. I have a solid foundation in developing and enforcing safety protocols tailored to diverse laboratory environments. My experience includes working collaboratively with faculty and students to foster a culture of safety and awareness, ensuring that all safety regulations are met.

PROFESSIONAL EXPERIENCE

State University

Mar 2018 - Present

Safety Program Coordinator

- Coordinated safety programs across multiple science departments, enhancing compliance with safety standards.
- Conducted regular safety audits and inspections, documenting findings and implementing improvements.
- Developed interactive safety training modules for undergraduate and graduate students.
- Collaborated with faculty to integrate safety practices into curriculum design.
- Monitored hazardous waste disposal processes, ensuring compliance with regulations.
- Organized safety awareness events to promote a culture of safety among students.

City College

Dec 2015 - Jan 2018

Laboratory Safety Advisor

- Provided guidance on laboratory safety practices to faculty and staff.
- Facilitated safety training sessions focusing on chemical handling and emergency procedures.
- Conducted inspections of laboratories, ensuring compliance with safety regulations.
- Developed safety manuals and resources for student use.
- Engaged with students to promote awareness of safety in scientific practices.
- Assisted in the development of emergency response plans for on-campus laboratories.

ACHIEVEMENTS

- Successfully reduced lab incidents by 35% through proactive safety training.
- Recognized for outstanding contributions to campus safety initiatives.
- Developed a safety ambassador program that engaged over 100 students.
