

MICHAEL ANDERSON

LEAD PIPEFITTER

PROFILE

Highly skilled Pipefitter with a robust background in the oil and gas industry, bringing over 10 years of hands-on experience in pipe installation and maintenance. Demonstrates a profound understanding of piping systems and their applications within high-stakes environments. Proven ability to operate under pressure while ensuring adherence to stringent safety standards.

EXPERIENCE

LEAD PIPEFITTER

Global Oilfield Services

2016 - Present

- Oversaw the installation of pipeline systems for offshore drilling operations.
- Conducted hydrostatic testing to ensure system integrity and compliance.
- Managed a team of pipefitters, providing guidance and training.
- Developed and implemented safety protocols for hazardous work environments.
- Collaborated with project managers to meet tight deadlines and budget constraints.
- Evaluated and sourced materials to optimize project outcomes.

PIPEFITTER

Energy Solutions

2014 - 2016

- Performed installation and repairs of gas and oil pipelines.
- Executed maintenance schedules to ensure operational efficiency.
- Utilized specialized tools for precision cutting and fitting.
- Participated in safety drills and compliance training sessions.
- Documented work performed for quality assurance and regulatory compliance.
- Communicated effectively with clients regarding project specifications and progress.
