SKILLS

- Pipeline Integrity
- Risk Management
- Data Analysis
- GIS Technology
- Compliance Reporting
- Training Development

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN ENVIRONMENTAL ENGINEERING, UNIVERSITY OF CALIFORNIA, 2019

ACHIEVEMENTS

- Increased pipeline safety compliance by 35% through enhanced monitoring.
- Led a project that improved operational efficiency by 10%.
- Recognized for excellence in data management and reporting.

WORK EXPERIENCE

PIPELINE INTEGRITY ANALYST

Integrity Pipeline Services

2020 - 2025

- Performed integrity assessments using advanced inspection technologies.
- Developed and implemented risk management plans for pipeline operations.
- Collaborated with maintenance teams to optimize repair strategies.
- Analyzed data trends to inform pipeline safety protocols.
- Prepared detailed reports for regulatory compliance and audits.
- Conducted training sessions on pipeline integrity management.

PIPELINE ANALYST

SafeFlow Energy

2015 - 2020

- Analyzed pipeline performance data to identify areas for improvement.
- Utilized GIS technology to support pipeline routing decisions.
- Engaged in stakeholder communication to address pipeline concerns.
- Monitored pipeline flow rates to ensure operational efficiency.
- Prepared documentation for environmental assessments.
- Participated in safety audits and compliance initiatives.
