### EDUCATION

**Bachelor of Science in Chemical Engineering**  
University of Florida  
2009

### SKILLS

- Pipeline Operations
- Safety Management
- Compliance
- Maintenance Engineering
- Team Leadership
- Risk Management

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Pipeline Operations Supervisor 2020-2023

ChemPipeline Solutions

- Supervised daily operations of chemical pipelines, ensuring compliance with safety standards.
- Led emergency response teams during pipeline incidents, minimizing impact.
- Developed maintenance schedules that enhanced pipeline reliability by 15%.
- Utilized advanced monitoring systems for real-time pipeline condition assessment.
- Coordinated training programs for staff on safety and operational procedures.
- Engaged with regulatory agencies to ensure compliance with industry regulations.

#### Maintenance Engineer 2019-2020

Chemical Transport Services

- Conducted inspections and maintenance of pipelines transporting hazardous materials.
- Implemented safety protocols that reduced incident reports by 30%.
- Collaborated with engineering teams to design upgrades for existing systems.
- Prepared detailed reports on pipeline conditions and maintenance activities.
- Facilitated communication between field teams and management regarding urgent issues.
- Participated in safety audits and compliance assessments.

### ACHIEVEMENTS

- Achieved a 25% reduction in pipeline downtime through proactive maintenance strategies.
- Recognized for excellence in safety management by the Chemical Industry Association.
- Developed a training program that enhanced team performance and safety compliance.
