

# MICHAEL ANDERSON

## PLATFORM ENGINEER

### PROFILE

With over 5 years of experience as a Platform Engineer, I have developed a robust skill set in cloud infrastructure management and automation. My background in software development has equipped me with a unique perspective, allowing me to bridge the gap between development and operations. I have successfully led projects that involve migrating on-premises applications to the cloud, improving their scalability and performance.

### EXPERIENCE

#### PLATFORM ENGINEER

##### NextGen Tech

2016 - Present

- Led the migration of legacy applications to AWS, enhancing performance and scalability.
- Utilized Terraform to manage infrastructure, enabling version-controlled deployments.
- Automated deployment processes using GitHub Actions, significantly reducing time to production.
- Collaborated with security teams to implement best practices for cloud security and compliance.
- Monitored system performance and implemented optimizations, resulting in a 30% increase in efficiency.
- Provided mentorship to junior team members, fostering a culture of learning and collaboration.

#### JUNIOR PLATFORM ENGINEER

##### Innovative Systems

2014 - 2016

- Assisted in the deployment of applications on Azure, gaining hands-on experience with cloud technologies.
- Participated in the development of CI/CD pipelines, improving software delivery speed.
- Conducted performance testing and analysis, contributing to system optimization efforts.
- Documented best practices for cloud resource management, improving team workflows.
- Supported incident response and troubleshooting, enhancing system reliability.
- Engaged in team training sessions on new tools and technologies.

### CONTACT

- (555) 234-5678
- michael.anderson@email.com
- San Francisco, CA

### SKILLS

- AWS
- Azure
- Terraform
- GitHub Actions
- Docker
- CI/CD
- Linux
- Python

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

BACHELOR OF SCIENCE IN  
INFORMATION TECHNOLOGY, STATE  
UNIVERSITY

### ACHIEVEMENTS

- Successfully completed a cloud migration project that improved application uptime by 99%.
- Recognized for outstanding contribution to team performance during quarterly reviews.
- Contributed to a project that won the Best Innovation Award within the company.
