WORK EXPERIENCE

Product Development Chemist

2020-2023

HomeCare Products Inc.

- Developed new polymer formulations for cleaning products that reduced environmental impact.
- Conducted consumer testing to evaluate product performance and satisfaction.
- Managed cross-functional teams to streamline product development processes.
- Implemented cost-saving measures that reduced production expenses by 15%.
- Presented product innovations to stakeholders, securing buy-in for new initiatives.
- Maintained compliance with industry regulations and safety standards.

Junior Chemist

2019-2020

CleanTech Innovations

- Assisted in the formulation of polymer-based materials for household products.
- Conducted stability testing to ensure product longevity and effectiveness.
- Maintained laboratory equipment and inventory for smooth operations.
- Engaged with suppliers to source quality raw materials for formulations.
- Documented experimental results and maintained accurate records.
- Supported marketing efforts by providing technical insights for product promotion.

ACHIEVEMENTS

- Led the development of a new cleaning product line that contributed to a 20% sales increase.
- Received the 'Employee of the Month' award for outstanding project contributions.
- Conducted a successful consumer survey that informed product enhancements.
