MICHAEL ANDERSON

HEALTH POLICY ANALYST

Dynamic and analytical Population Health Specialist with over 10 years of experience in health policy analysis and program evaluation. Proven ability to leverage data analytics to inform decision-making and drive health improvements across populations. Expertise in designing and implementing health programs that address social determinants of health, particularly in low-income communities.

PROFESSIONAL EXPERIENCE

National Health Policy Institute   *Mar 2018 - Present*
Health Policy Analyst

- Conducted policy analysis to evaluate the impact of health regulations on population health.
- Developed data reports that informed legislative advocacy efforts.
- Collaborated with community organizations to promote health policy initiatives.
- Engaged with stakeholders to develop recommendations for policy improvements.
- Monitored and evaluated the effectiveness of health policies at the state level.
- Presented findings to policymakers, influencing legislative changes.

Foundation for Healthy Communities   *Dec 2015 - Jan 2018*
Senior Program Evaluator

- Led evaluation efforts for community health programs, assessing effectiveness and sustainability.
- Developed evaluation frameworks that aligned with organizational goals.
- Utilized statistical analysis software to analyze health data and generate reports.
- Collaborated with program teams to implement data-driven improvements.
- Facilitated training sessions on evaluation methods for community stakeholders.
- Published evaluation findings in professional journals, enhancing organizational visibility.

ACHIEVEMENTS

- Successfully influenced the passage of health policy reforms benefiting low-income populations.
- Received the Outstanding Policy Analyst Award in 2019.
- Published multiple articles on health policy in leading journals.
