## SKILLS

- Demographic Forecasting
- Data Analysis
- Policy Analysis
- Data Visualization
- Community Engagement
- Research Ethics

## EDUCATION

**MASTER'S IN DEMOGRAPHY, UNIVERSITY OF CALIFORNIA, LOS ANGELES**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Led a team that developed a demographic forecast model adopted by the city.
- Recognized for outstanding service in the City Economic Development Office.
- Secured funding for a project focused on sustainable urban development.

# Michael Anderson

## DEMOGRAPHIC POLICY ANALYST

I am a results-driven Population Scientist with over 6 years of experience in demographic forecasting and policy analysis. My work has focused on leveraging demographic data to inform urban planning and economic development strategies. I have developed predictive models that assess future population trends and their implications for infrastructure and resource allocation.

## EXPERIENCE

### DEMOGRAPHIC POLICY ANALYST

City Economic Development Office

2016 - Present

- Developed demographic forecasts to support urban planning and policy decisions.
- Utilized data visualization tools to present demographic trends to stakeholders.
- Collaborated with urban planners to assess infrastructure needs based on population projections.
- Analyzed economic data to inform resource allocation strategies.
- Conducted community surveys to gather insights on population needs.
- Authored reports that influenced local economic development policies.

### DATA ANALYST

Research Solutions Group

2014 - 2016

- Assisted in demographic analysis for various research projects.
- Utilized statistical software to analyze survey data and generate reports.
- Collaborated with researchers to design data collection strategies.
- Presented research findings to clients, enhancing project outcomes.
- Maintained databases and ensured data accuracy for research purposes.
- Supported grant applications by providing demographic data insights.
