Michael Anderson

INTERNATIONAL RELATIONS LECTURER

Experienced Postgraduate Lecturer with a focus on international relations and political science, bringing over 10 years of academic and practical experience in global diplomacy and conflict resolution. My teaching approach integrates theoretical frameworks with real-world case studies, enabling students to critically analyze international events and policies. I have a strong background in research, having published numerous articles on global governance and human rights issues.

EXPERIENCE

INTERNATIONAL RELATIONS LECTURER

Global Studies University

2016 - Present

- Developed and delivered courses on international relations, diplomacy, and security studies.
- Supervised student research on global political issues, enhancing critical thinking.
- Organized simulations of international negotiations for experiential learning.
- Presented research at international conferences, raising the profile of the department.
- Published articles in leading journals on human rights and governance.
- Collaborated with NGOs for student internships in international affairs.

POLICY ADVISOR

International Organization

2014 - 2016

- Provided analysis and recommendations on international policy issues.
- Conducted research on conflict resolution strategies and peacebuilding.
- Facilitated workshops for policymakers on global governance.
- Collaborated with international teams to develop policy frameworks.
- Represented the organization at global forums and conferences.
- Authored reports on international human rights practices.
