

MICHAEL ANDERSON

URBAN POVERTY RESEARCH COORDINATOR

PROFILE

Dedicated Poverty Studies Researcher with a strong focus on urban poverty and community development. With over 6 years of experience in research and program administration, I have honed my skills in conducting field research and engaging with marginalized communities. My work is centered on understanding the socio-economic factors that contribute to poverty and the effectiveness of various intervention strategies.

EXPERIENCE

URBAN POVERTY RESEARCH COORDINATOR

City Development Agency

2016 - Present

- Managed research projects focused on urban poverty, resulting in the implementation of new community programs.
- Conducted surveys and interviews with over 500 residents to gather insights on local needs.
- Analyzed data using GIS tools to identify poverty hotspots and resource allocation.
- Presented findings to city officials, leading to an increase in funding for poverty alleviation initiatives.
- Collaborated with cross-sector partners to design and promote community workshops.
- Facilitated focus groups to gather qualitative data, enhancing project outcomes.

RESEARCH ASSISTANT

National Urban Institute

2014 - 2016

- Supported research on urban poverty trends, contributing to national reports on economic disparities.
- Conducted environmental scans of existing programs addressing poverty.
- Utilized statistical software to analyze data sets, providing insights for policy recommendations.
- Collaborated with community leaders to ensure research relevance and application.
- Assisted in drafting research publications and presentations.
- Engaged in outreach efforts to disseminate research findings to local stakeholders.
