WORK EXPERIENCE

Production Powerloom Weaver

2020-2023

Fabric Solutions Ltd.

- Managed multiple powerloom machines for high-volume fabric production.
- Monitored weaving processes to ensure consistency and quality.
- Documented production metrics for performance analysis.
- Trained new employees on machine operation and safety protocols.
- Conducted regular equipment maintenance to minimize downtime.
- Collaborated with quality control teams to uphold fabric standards.

Junior Powerloom Technician

2019-2020

Textile Dynamics

- Assisted in the operation of powerloom machines under supervision.
- Performed routine maintenance and troubleshooting on equipment.
- Monitored fabric quality during production runs.
- Documented production output for quality assessment.
- Supported senior weavers in achieving production targets.
- Participated in safety training and compliance initiatives.

ACHIEVEMENTS

- Increased production output by 30% through process optimization.
- Trained over 20 new weavers, improving team productivity.
- Recognized for achieving zero defects in production for six consecutive months.
