### ACHIEVEMENTS

- Successfully increased student participation in technology-based projects by 50%.
- Recognized for developing a unique curriculum that was adopted by the school district.
- Led a workshop on technology use in early childhood education for local educators.

### PROFILE

Enthusiastic and innovative Pre-K Teacher with a strong background in integrating technology into early childhood education. With over 4 years of experience, I focus on creating interactive learning environments that encourage curiosity and exploration among young learners. My approach to education emphasizes the importance of play in learning, providing children with hands-on experiences that are both educational and enjoyable.

### EXPERIENCE

#### LEAD PRE-K TEACHER

##### Creative Minds Academy

*2016 - Present*

- Developed and implemented a technology-enhanced curriculum that increased engagement and participation rates.
- Monitored and documented student progress through digital portfolios and assessments.
- Created a welcoming classroom environment that encouraged children to express themselves freely.
- Incorporated educational apps and tools to enhance learning experiences.
- Organized field trips and community service projects that connected learning to real-world experiences.
- Collaborated with parents to support children's learning at home through technology resources.

#### PRE-K TEACHER INTERN

##### Bright Futures Preschool

*2014 - 2016*

- Assisted in planning and executing daily activities that supported children's developmental milestones.
- Engaged children in interactive storytelling and group activities to enhance communication skills.
- Contributed to classroom management and organization, ensuring a safe and conducive learning environment.
- Supported diverse learners by adapting materials and strategies to meet individual needs.
- Facilitated communication between parents and teachers through regular updates and newsletters.
- Participated in professional development sessions to enhance teaching practices and methodologies.
