### EDUCATION

#### Bachelor of Science in Agricultural Technology

Iowa State University  
2015

### SKILLS

- drone technology
- precision farming
- data analysis
- crop health assessment
- stakeholder collaboration
- project management

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Agricultural Drone Specialist

2020-2023

Precision Ag Solutions

- Executed drone missions for precision agriculture applications.
- Interpreted aerial imagery to identify crop issues.
- Provided recommendations for fertilizer application based on data.
- Worked directly with farmers to implement technology solutions.
- Conducted field trials to assess the impact of drone technology.
- Produced reports detailing findings and recommendations for improvement.

#### Drone Data Coordinator

2019-2020

Harvest Innovations

- Coordinated drone data collection for agricultural assessments.
- Analyzed data trends to inform strategic farming decisions.
- Collaborated with agronomists to enhance farming practices.
- Developed educational resources on drone technology for farmers.
- Participated in community outreach to promote precision agriculture.
- Managed projects to ensure timely data collection and reporting.

### ACHIEVEMENTS

- Improved crop yield by 25% through the application of drone insights.
- Recognized as 'Employee of the Year' for outstanding contributions.
- Successfully implemented a data-sharing initiative that enhanced collaboration.
