Michael Anderson

PREOPERATIVE ASSESSMENT PHYSICIAN

Proactive Preoperative Assessment Physician with 9 years of experience in managing pre-surgical evaluations in both academic and private practice settings. My background in internal medicine allows me to assess complex patient conditions effectively and ensure optimal surgical outcomes. I am dedicated to employing a multidisciplinary approach to patient care, working closely with surgeons and anesthesiologists to facilitate seamless surgical experiences.

EXPERIENCE

PREOPERATIVE ASSESSMENT PHYSICIAN

Pioneer Surgical Institute

2016 - Present

- Conducted detailed preoperative assessments for high-risk surgical patients.
- Developed and implemented new assessment protocols that improved patient throughput by 25%.
- Collaborated with surgical teams to ensure comprehensive care plans were established.
- Utilized technology to streamline documentation and communication among care teams.
- Provided patient education that improved understanding of procedures and post-operative care.
- Engaged in community outreach to educate the public on surgical preparedness.

PREOPERATIVE CONSULTANT

University Hospital

2014 - 2016

- Evaluated patients preoperatively in a busy academic environment.
- Worked with residents to enhance their skills in patient assessment and care.
- Implemented a feedback system to improve patient education materials.
- Participated in research focused on enhancing preoperative care in patients with comorbidities.
- Led workshops on best practices in preoperative patient management.
- Assisted in coordinating care among multidisciplinary teams for complex cases.
