### WORK EXPERIENCE

#### GERIATRIC PRIMARY CARE PHYSICIAN

ElderCare Medical Center

2020 - 2025

- Managed a full caseload of elderly patients, providing primary care and chronic disease management.
- Developed individualized care plans focusing on improving patients' quality of life.
- Coordinated care with specialists, ensuring comprehensive treatment for complex health issues.
- Conducted home visits to assess and address patients' needs in their living environments.
- Provided education and support to families regarding chronic disease management and end-of-life care.
- Utilized telehealth technologies to enhance access to care for homebound patients.

#### FAMILY MEDICINE RESIDENT

Senior Health Program

2015 - 2020

- Conducted thorough assessments of elderly patients during residency, focusing on geriatric syndromes.
- Participated in interdisciplinary team meetings to discuss patient care strategies.
- Assisted in developing community outreach programs promoting health screenings for seniors.
- Engaged patients and families in discussions about treatment options and preferences.
- Documented clinical encounters to ensure continuity of care and proper follow-up.
- Educated patients on preventive measures to reduce hospital admissions.
