# MICHAEL ANDERSON

## PRIMARY CARE NURSE

Results-driven Primary Care Nurse with 12 years of nursing experience, focusing on geriatric care. Adept at managing complex health issues and providing compassionate support to elderly patients and their families. Proven ability to develop and implement individualized care plans that promote health and independence. Strong advocate for patient rights and health education, ensuring that patients are informed and engaged in their care.

## **PROFESSIONAL EXPERIENCE**

### **ElderCare Health Services**

*Mar 2018 - Present*

Primary Care Nurse

- Managed care for a diverse group of elderly patients, focusing on chronic disease management and preventive care.
- Conducted regular health assessments, adjusting care plans based on patient progress and feedback.
- Collaborated with social workers and family members to ensure holistic care and support systems.
- Implemented fall prevention programs that reduced incidents by 50% in the patient population.
- Educated patients and families on medication management and health maintenance.
- Maintained detailed records of patient care and progress in EHRs to support continuity of care.

### **Green Valley Nursing Home**

*Dec 2015 - Jan 2018*

Staff Nurse

- Provided daily care and support to residents, ensuring comfort and dignity in all activities.
- Administered medications and monitored for side effects, reporting changes to the healthcare team.
- Participated in family meetings to discuss care plans and address any concerns.
- Developed and implemented recreational programs to enhance residents' quality of life.
- Trained new nursing staff on best practices for geriatric care.
- Conducted health screenings and vital sign checks, providing prompt interventions as needed.

## **ACHIEVEMENTS**

- Successfully reduced hospital readmission rates for elderly patients by 30% through effective care coordination.
- Received 'Excellence in Patient Care' award from the state nursing board in 2020.
- Developed a community outreach program that increased access to health screenings for seniors by 40%.
