SKILLS

- Production Strategies
- Team Collaboration
- Technology Deployment
- Data Analysis
- Environmental Stewardship
- Problem Solving

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN PETROLEUM
ENGINEERING, UNIVERSITY OF
LOUISIANA AT LAFAYETTE**

ACHIEVEMENTS

- Recognized for leading a project that resulted in a 20% increase in production efficiency.
- Awarded 'Rising Star' for contributions to innovative engineering solutions.
- Contributed to the successful launch of a new production facility ahead of schedule.

WORK EXPERIENCE

PRODUCTION ENGINEER

Dynamic Oil Solutions

2020 - 2025

- Developed and executed production enhancement initiatives that increased output by 22%.
- Implemented new technologies for real-time data analysis and reporting.
- Collaborated with multidisciplinary teams to optimize drilling and completion strategies.
- Conducted performance evaluations to assess production techniques and identify areas for improvement.
- Managed project timelines and resources to ensure successful delivery.
- Participated in community engagement efforts to promote operational transparency.

JUNIOR PRODUCTION ENGINEER

PetroVision Inc.

2015 - 2020

- Assisted in the development of production plans and forecasts.
- Utilized simulation tools to analyze production data and optimize workflows.
- Supported senior engineers in conducting feasibility studies for new projects.
- Maintained accurate documentation and reporting for production activities.
- Participated in training sessions to enhance technical knowledge and skills.
- Engaged with safety teams to promote best practices in production operations.
