

Michael

ANDERSON

CRITICAL CARE NURSE

Compassionate and skilled Professional Nurse with over 8 years of experience in critical care nursing. My expertise lies in high-acuity patient management within the intensive care unit (ICU) and emergency department. I excel at performing advanced assessments, managing complex medical equipment, and collaborating with multidisciplinary teams to provide life-saving care.

WORK EXPERIENCE

CRITICAL CARE NURSE

Regional Medical Center

2020 - 2025

- Provided direct care to critically ill patients in a 10-bed ICU, managing life-support systems.
- Performed comprehensive assessments and implemented emergency interventions as needed.
- Collaborated with physicians to develop and adjust patient care plans based on real-time data.
- Educated patient families about treatment options and prognosis in high-stress situations.
- Participated in interdisciplinary rounds to discuss patient progress and care strategies.
- Involved in quality improvement projects that enhanced patient safety protocols.

EMERGENCY ROOM NURSE

City General Hospital

2015 - 2020

- Conducted triage assessments and prioritized care for patients in a busy emergency department.
- Administered medications and treatments based on established protocols and physician orders.
- Managed multiple patients simultaneously, ensuring timely and effective interventions.
- Collaborated with trauma teams during critical procedures and emergencies.
- Documented patient information accurately in EHR systems to ensure continuity of care.
- Trained new staff on emergency protocols and best practices in patient care.
