Dynamic and motivated Professional Nurse with 3 years of experience in the field of surgical nursing. My hands-on experience in the operating room has equipped me with the essential skills needed to provide patient-centered care pre- and post-surgery. I thrive in high-pressure environments and excel at collaborating with surgeons and other medical professionals to ensure optimal surgical outcomes.

💼 WORK EXPERIENCE

Surgical Nurse   2020-2023

Surgical Specialty Hospital

- Assisted in a variety of surgical procedures, ensuring patient safety and comfort.
- Prepared operating rooms by sterilizing instruments and ensuring all supplies were available.
- Monitored patients' vital signs during surgery and reported any changes to the surgical team.
- Educated patients and families on post-operative care and recovery expectations.
- Collaborated with anesthesiologists and surgeons to optimize patient outcomes.
- Participated in surgical team meetings to discuss best practices and improve protocols.

Nursing Intern   2019-2020

General Hospital

- Shadowed surgical nurses to gain insights into pre-operative and post-operative care.
- Assisted in patient assessments and documented findings for nursing staff.
- Engaged in patient education initiatives to enhance understanding of surgical procedures.
- Supported nursing staff in managing patient flow and documentation.
- Participated in training sessions focused on surgical procedures and safety protocols.
- Contributed to the development of educational materials for patients undergoing surgery.

★ ACHIEVEMENTS

- Recognized for exceptional performance during surgical procedures by the surgical team.
- Assisted in implementing a new protocol that reduced surgery prep time by 20%.
- Developed a patient feedback system that helped improve post-operative care.
