MICHAEL ANDERSON

PROGRAM EVALUATION MANAGER

Innovative Program Evaluation Researcher with 7 years of experience in the healthcare sector, focusing on program effectiveness and quality improvement initiatives. I possess a strong background in health policy and program evaluation methodologies, enabling me to critically assess health interventions and their impacts on patient outcomes. My approach combines rigorous quantitative analysis with qualitative insights, allowing for a comprehensive understanding of program effectiveness.

PROFESSIONAL EXPERIENCE

Health Innovations Inc.   *Mar 2018 - Present*
Program Evaluation Manager

- Managed evaluations for over 10 healthcare programs, leading to a 20% improvement in patient satisfaction scores.
- Developed and implemented evaluation frameworks in alignment with organizational goals.
- Conducted focus groups with patients and providers to gather feedback on program effectiveness.
- Analyzed health outcomes data to identify trends and inform strategic decision-making.
- Presented findings to senior leadership, influencing policy changes and program funding.
- Trained staff on evaluation methodologies, enhancing organizational evaluation capacity.

National Health Institute   *Dec 2015 - Jan 2018*
Evaluation Researcher

- Conducted evaluations of public health initiatives aimed at reducing health disparities.
- Collaborated with community partners to assess program impacts on underserved populations.
- Utilized statistical software to analyze data and draw actionable conclusions.
- Published evaluation reports that informed state health policy and funding decisions.
- Facilitated workshops to train community organizations on evaluation best practices.
- Maintained ongoing communication with stakeholders to ensure alignment on evaluation goals.

ACHIEVEMENTS

- Received the Best Practice Award for innovative evaluation methodologies in healthcare.
- Increased engagement in programs by 15% through targeted improvements based on evaluation findings.
- Authored a white paper on best practices in health program evaluation, widely cited in the field.
