EDUCATION

BACHELOR OF ARTS IN WEB DESIGN,
STATE UNIVERSITY

ACHIEVEMENTS

- Received the Best Intern award for outstanding contribution to project development.
- Improved application load times by 25% through performance enhancements.
- Designed a user interface that won a design award at a local competition.

PROFILE

With over 3 years of experience as a Progressive Web App Developer, I have a strong foundation in web technologies and a deep understanding of user-centered design principles. I have worked extensively with JavaScript and various frameworks to create fast, reliable, and engaging web applications. My experience includes developing responsive layouts and implementing best practices for performance optimization.

EXPERIENCE

JUNIOR WEB DEVELOPER

Digital Solutions Group

2016 - Present

- Assisted in the development of PWA features using Vue.js, improving user interaction.
- Implemented responsive design principles, resulting in a 20% increase in mobile traffic.
- Participated in code reviews to enhance code quality and maintainability.
- Collaborated with design teams to create user-friendly interfaces based on feedback.
- Maintained documentation for web applications and development processes.
- Optimized website performance through image compression and minification techniques.

WEB DEVELOPMENT INTERN

Innovatech Labs

2014 - 2016

- Supported the development of a PWA for e-commerce, increasing sales by 10%.
- Conducted user testing sessions to gather feedback on application usability.
- Assisted in integrating third-party APIs for additional functionality.
- Worked with senior developers to learn best practices in coding and design.
- Participated in daily stand-ups and sprint planning sessions.
- Created prototypes and wireframes for new features to enhance user experience.
