MICHAEL ANDERSON

LEAD WEB DEVELOPER

I am a results-driven Progressive Web App Developer with over 8 years of experience in the tech industry, specializing in building scalable solutions for high-traffic applications. My strong background in both front-end and back-end development enables me to create comprehensive web applications that meet diverse user needs. I have a proven track record of leveraging cutting-edge technologies to enhance functionality and user experience.

PROFESSIONAL EXPERIENCE

FutureTech Solutions

Mar 2018 - Present

Lead Web Developer

- Directed a team of developers to create a PWA for an online marketplace, increasing sales by 50%.
- Implemented server-side rendering to enhance SEO and improve load times.
- Integrated advanced analytics tools to track user behavior and optimize engagement.
- Conducted training sessions for junior developers on PWA best practices.
- Collaborated with stakeholders to define project scope and requirements.
- Managed deployment processes and troubleshooting for multiple platforms.

Tech Pioneers

Dec 2015 - Jan 2018

Full Stack Developer

- Developed a high-traffic PWA for a news website, achieving 300% user growth.
- Designed and implemented RESTful APIs to connect front-end and back-end services.
- Optimized database queries to improve application performance by 40%.
- Built reusable components to streamline development processes.
- Engaged in code reviews and contributed to team knowledge sharing.
- Utilized Docker for containerization and deployment of applications.

ACHIEVEMENTS

- Led a project that received a Tech Innovation award for excellence in web development.
- Achieved a 99% uptime for a critical web application over a 12-month period.
- Mentored over 10 interns and junior developers, fostering skill development and growth.
