WORK EXPERIENCE

Historical Prop Specialist 2020-2023

Classic Film Productions

- Designed and created period-specific props for historical dramas and documentaries.
- Conducted thorough research on historical accuracy to inform prop design choices.
- Collaborated with directors to ensure props enhanced narrative authenticity.
- Utilized both traditional crafting methods and modern design software for prop creation.
- Participated in set design discussions to integrate props into overall visual themes.
- Maintained an extensive library of historical reference materials for future projects.

Assistant Prop Designer 2019-2020

Heritage Productions

- Assisted in the creation of props for various historical reenactments and films.
- Learned to apply research findings to ensure props were historically accurate and functional.
- Collaborated with a team of designers to brainstorm and develop prop concepts.
- Helped maintain the organization of props during production for efficiency.
- Participated in workshops to refine crafting techniques and historical knowledge.
- Contributed to the documentation of prop designs for future reference.

ACHIEVEMENTS

- Received recognition for outstanding contributions to a critically acclaimed historical film.
- Increased accuracy in prop creation by implementing a new research protocol.
- Featured in an article on historical prop design in a leading industry magazine.
