MICHAEL ANDERSON

SENIOR PROSTHODONTIST

Experienced Prosthodontist with a strong commitment to patient-centered care and a focus on dental rehabilitation. With over 15 years in the field, I have honed my skills in complex restorative procedures, ensuring patients receive high-quality care tailored to their individual needs. My expertise includes the use of state-of-the-art technology to enhance treatment outcomes and improve patient experiences.

PROFESSIONAL EXPERIENCE

Elite Dental Group

Mar 2018 - Present

Senior Prosthodontist

- Led a team of dental professionals in delivering comprehensive prosthodontic care, increasing practice revenue by 30%.
- Implemented advanced digital workflows for treatment planning, reducing patient wait times by 25%.
- Conducted detailed assessments and consultations for high-complexity cases, achieving high patient satisfaction rates.
- Mentored junior prosthodontists and dental students, fostering a culture of learning and excellence.
- Utilized innovative materials and techniques for restorative procedures, enhancing longevity and aesthetics.
- Participated in clinical research projects to advance knowledge in prosthodontics and improve patient care.

Healthy Smiles Dental Clinic

Dec 2015 - Jan 2018

Prosthodontist

- Performed routine and complex prosthodontic procedures, resulting in a 95% success rate in restorations.
- Engaged in patient education initiatives to improve understanding of treatment options and oral health.
- Collaborated with specialists to provide multidisciplinary care for patients with complex dental needs.
- Maintained high standards of infection control and patient safety protocols in the practice.
- Conducted regular quality assurance audits to ensure compliance with best practices.
- Developed lasting relationships with patients, leading to increased referrals and patient loyalty.

ACHIEVEMENTS

- Achieved a 98% patient satisfaction rating over five consecutive years.
- Developed and implemented a new patient referral program that increased referrals by 40%.
- Published research findings in a leading dental journal, contributing to advancements in the field.
