Michael Anderson

PROSTHODONTIST CONSULTANT

Compassionate and detail-oriented Prosthodontist with over 12 years of experience specializing in reconstructive dentistry. My expertise lies in restoring the functionality and aesthetics of patients' smiles after trauma or disease. I am dedicated to providing personalized care that addresses not only the dental needs but also the emotional aspects of treatment.

EXPERIENCE

PROSTHODONTIST CONSULTANT

Restorative Dental Center

2016 - Present

- Provided specialized care for patients with complex reconstructive needs, achieving a 95% success rate in restorations.
- Utilized advanced materials to create durable and aesthetic prostheses tailored to individual patient needs.
- Conducted thorough consultations to educate patients on treatment options and expectations.
- Collaborated with a multidisciplinary team to ensure comprehensive care for patients.
- Maintained detailed documentation and treatment plans, ensuring adherence to best practices.
- Participated in training programs to stay updated on the latest advancements in prosthodontics.

PROSTHODONTIST

Patient First Dental

2014 - 2016

- Performed extensive assessments and created customized treatment plans for a diverse patient population.
- Utilized digital technology to improve the accuracy of dental impressions and restorations.
- Engaged in community outreach programs to promote awareness of dental reconstructive options.
- Provided exceptional post-treatment care, ensuring patient comfort and satisfaction.
- Coordinated with dental hygienists and specialists to enhance patient care outcomes.
- Maintained a continuous feedback loop with patients to adapt treatment plans as necessary.
