MICHAEL ANDERSON

GREENHOUSE OPERATIONS COORDINATOR

Versatile Protected Cultivation Specialist with a strong foundation in agronomy and over 6 years of experience in greenhouse management and crop production. Expertise in developing and implementing innovative growing techniques that enhance plant health and yield. Proven ability to lead projects from conception through execution, ensuring alignment with organizational goals and sustainability practices.

PROFESSIONAL EXPERIENCE

EcoGrow Farms

Mar 2018 - Present

Greenhouse Operations Coordinator

- Coordinated daily operations of a 30,000 square foot greenhouse facility.
- Implemented crop rotation schedules to enhance soil health.
- Conducted training sessions on pest identification and management.
- Utilized climate control systems to optimize growing conditions.
- Managed inventory of seeds and growing supplies.
- Collaborated with marketing teams to promote sustainable products.

Fresh Harvest Co.

Dec 2015 - Jan 2018

Assistant Grower

- Assisted in the management of crop production activities.
- Monitored plant growth and made adjustments as needed.
- Maintained greenhouse equipment and ensured proper functioning.
- Participated in the development of organic farming practices.
- Documented crop performance data for ongoing analysis.
- Supported the implementation of sustainable practices in operations.

ACHIEVEMENTS

- Increased overall crop yield by 15% through efficient management techniques.
- Recognized for exemplary teamwork and dedication to sustainable practices.
- Successfully implemented a new pest management protocol, reducing losses by 25%.
