SKILLS

- Cloud Engineering
- DevOps
- Software Development
- Performance Monitoring
- Agile Methodologies
- Technical Support

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, UNIVERSITY OF MICHIGAN

ACHIEVEMENTS

- Successfully implemented a cloud migration strategy that reduced costs by 20%.
- Awarded 'Best Project' for outstanding performance on a cloud-based application.
- Contributed to open-source cloud projects that gained significant community recognition.

WORK EXPERIENCE

CLOUD SOLUTIONS ENGINEER

NextGen Cloud Services

2020 - 2025

- Designed cloud architectures that improved system performance by 30%.
- Implemented automated deployment pipelines using Terraform and Jenkins.
- Collaborated with cross-functional teams to gather requirements and deliver solutions.
- Monitored cloud environments for performance and security compliance.
- Conducted code reviews to ensure adherence to best practices.
- Provided technical support for cloud-based applications and services.

SOFTWARE ENGINEER

Innovative Software Solutions

2015 - 2020

- Developed and maintained cloud-based applications that supported business operations.
- Engaged in agile development processes to ensure timely delivery of software solutions.
- Utilized AWS services to enhance application scalability and performance.
- Participated in design sessions to create innovative cloud functionalities.
- Collaborated with QA teams to address issues and improve product quality.
- Provided training to team members on cloud technologies and tools.
