### SUMMARY

Dedicated Public Health Advisor with over 10 years of experience in promoting health initiatives and developing policy frameworks in diverse communities. With a strong background in epidemiology and community outreach, I have successfully led programs aimed at reducing disease prevalence and improving health literacy. My expertise lies in analyzing public health data, identifying community needs, and implementing effective health interventions.

---

### WORK EXPERIENCE

#### Senior Public Health Specialist Healthy Communities Initiative

*Jan 2023 - Present*

- Developed and implemented strategic health programs addressing chronic disease prevention in underserved populations.
- Conducted comprehensive health assessments and community surveys to identify health needs and barriers.
- Coordinated with local health departments to enhance vaccination outreach, achieving a 30% increase in immunization rates.
- Managed a team of health educators to deliver workshops on nutrition and physical activity, resulting in improved community engagement.
- Analyzed epidemiological data to inform policy recommendations, leading to the establishment of new health initiatives.
- Secured over \$500,000 in grant funding to support health promotion activities and program sustainability.

#### Public Health Program Coordinator City Health Department

*Jan 2020 - Dec 2022*

- Designed and executed public health campaigns focused on reducing tobacco use and substance abuse among youth.
  - Collaborated with schools and community organizations to implement educational programs, reaching over 1,000 students.
  - Evaluated the effectiveness of health interventions through surveys and focus groups, using findings to improve future programming.
  - Facilitated training for health professionals on best practices in public health outreach and community engagement.
  - Created informational materials and resources to enhance community awareness of health services available.
  - Led community forums to discuss health issues, fostering dialogue between residents and health officials.
- 

### EDUCATION

#### Master of Public Health (MPH), University of Public Health

*Sep 2019 - Oct 2020*

---
