ACHIEVEMENTS

- Recipient of the Global Health Innovation Award in 2022.
- Successfully launched a maternal health initiative that served over 100,000 women.
- Published a guide on best practices in maternal health training, adopted by multiple health organizations.

PROFILE

Results-driven Public Health Capacity Building Specialist with over 15 years of experience in program development and implementation focused on maternal and child health. Expertise in creating training modules and workshops that enhance the skills of healthcare workers in low-resource settings. Strong ability to analyze public health data and translate findings into actionable strategies that improve health outcomes.

EXPERIENCE

DIRECTOR OF MATERNAL AND CHILD HEALTH PROGRAMS

Women's Health Alliance

2016 - Present

- Directed state-wide initiatives that reduced maternal mortality rates by 20% within three years.
- Developed a comprehensive training program for over 500 healthcare providers on maternal health best practices.
- Implemented monitoring and evaluation frameworks that improved program accountability and performance.
- Established partnerships with local organizations to enhance service delivery.
- Advocated for policy changes that expanded access to maternal health services in rural areas.
- Led a team of 12 public health professionals in executing large-scale health campaigns.

PUBLIC HEALTH CAPACITY BUILDING CONSULTANT

Health Systems Global

2014 - 2016

- Consulted on capacity building projects in five countries, improving health system performance by 30%.
- Developed training materials tailored to local contexts, enhancing relevance and effectiveness.
- Facilitated workshops that trained over 1,000 community health workers on essential health services.
- Conducted assessments of existing health programs to identify gaps and recommend improvements.
- Collaborated with international NGOs to implement innovative health solutions.
- Wrote grant proposals that secured over \$2 million in funding for health initiatives.
