- Published research on the cost-effectiveness of vaccination programs.

Michael Anderson

HEALTH ECONOMIST

As a Public Health Consultant with a strong background in health economics and policy analysis, I have over 11 years of experience in improving healthcare systems and access to care. My expertise lies in conducting cost-effectiveness analyses and evaluating health interventions to ensure that resources are allocated efficiently. I have collaborated with governmental agencies, healthcare providers, and non-profits to design and implement evidence-based policies that enhance public health outcomes.

EXPERIENCE

HEALTH ECONOMIST

Health Policy Institute

2016 - Present

- Conducted cost-benefit analyses of public health interventions.
- Developed economic models to predict health outcomes and costs.
- Collaborated with stakeholders to evaluate program effectiveness.
- Provided recommendations for resource allocation in health programs.
- Presented findings to policymakers to inform decision-making.
- Authored reports on economic impacts of health policies.

PUBLIC HEALTH CONSULTANT

Global Health Strategies

2014 - 2016

- Advised on policy development for health systems strengthening.
- Conducted evaluations of healthcare programs across multiple regions.
- Engaged with community stakeholders to assess health needs.
- Utilized data analytics to inform health policy recommendations.
- Trained staff on economic evaluation methods.
- Facilitated workshops to promote understanding of health economics.
