Michael Anderson

JUNIOR DATA ANALYST

Motivated and detail-oriented Public Health Data Analyst with 3 years of experience in health data management and analysis. My focus is on using data to drive improvements in healthcare delivery and public health outcomes. I have a solid foundation in statistical analysis and data visualization, which enables me to effectively communicate data-driven insights to diverse audiences.

EXPERIENCE

JUNIOR DATA ANALYST

Community Health Network

2016 - Present

- Assisted in the collection and analysis of health data for community programs.
- Utilized Excel for data entry and preliminary analysis of health metrics.
- Developed presentations to share findings with health department officials.
- Worked closely with program coordinators to evaluate health service delivery.
- Maintained databases for tracking health program outcomes and metrics.
- Contributed to grant proposals with data insights to secure funding.

DATA ANALYST INTERN

Public Health Research Center

2014 - 2016

- Supported data collection efforts for health assessments and surveys.
- Assisted in data cleaning and preparation for analysis.
- Participated in team meetings to discuss project progress and findings.
- Compiled data reports for internal review and decision-making.
- Assisted in developing visualizations to present health data.
- Engaged with community members to gather qualitative feedback on health programs.
