EDUCATION

MASTER OF PUBLIC HEALTH,
UNIVERSITY OF MICHIGAN

ACHIEVEMENTS

- Awarded the Outstanding Outreach Program Grant for innovative health initiatives.
- Increased health fair attendance by 40% through targeted marketing strategies.
- Published an article in a local health magazine emphasizing health equity issues.

PROFILE

Enthusiastic Public Health Equity Researcher with a rich background in community health education and outreach. With over 5 years of experience in developing programs that promote health equity, I am skilled in engaging diverse populations and using participatory approaches to address health challenges. My professional journey has led me to work closely with underserved communities, where I have implemented initiatives aimed at reducing barriers to healthcare access.

EXPERIENCE

PUBLIC HEALTH OUTREACH COORDINATOR

Community Health Network

2016 - Present

- Organized health fairs and community workshops to educate on preventive health measures.
- Developed culturally relevant educational materials to engage diverse audiences.
- Facilitated partnerships with local organizations to enhance outreach efforts.
- Utilized feedback and data to refine program strategies and increase participation.
- Trained volunteers to assist in outreach activities, improving community involvement.
- Monitored and evaluated program effectiveness, reporting findings to stakeholders.

RESEARCH ASSISTANT

University Health Research Center

2014 - 2016

- Assisted in data collection for a study on the impact of food deserts on health outcomes.
- Performed statistical analysis using SPSS to interpret research findings.
- Collaborated with faculty on academic publications and presentations.
- Coordinated focus groups to gather qualitative data from participants.
- Maintained databases and ensured data integrity throughout the research process.
- Contributed to grant proposals that secured funding for ongoing research projects.
