

# MICHAEL ANDERSON

Health Economics Researcher

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Accomplished Public Health Equity Researcher with over 9 years of experience specializing in health economics and policy analysis. My work has focused on understanding the economic factors that contribute to health disparities and developing strategies to mitigate their effects. I possess a strong analytical background and am proficient in statistical software, allowing me to conduct rigorous evaluations of health programs.

## WORK EXPERIENCE

### Health Economics Researcher | Economic Policy Institute

Jan 2022 – Present

- Conducted economic evaluations of health interventions and programs.
- Analyzed data to assess the cost-effectiveness of public health policies.
- Collaborated with stakeholders to develop recommendations for policy improvements.
- Authored reports that influence funding decisions and resource allocation.
- Presented research findings at national conferences, enhancing public discourse.
- Mentored junior researchers in health economics methodologies.

### Public Health Policy Analyst | National Institute of Health

Jul 2019 – Dec 2021

- Evaluated health policies to identify disparities and recommend changes.
- Collaborated with interdisciplinary teams to analyze health data and trends.
- Prepared briefing materials for policymakers and stakeholders.
- Conducted workshops to educate on the economic impacts of health disparities.
- Participated in grant writing efforts to secure funding for research initiatives.
- Coordinated with external partners to enhance research collaboration.
