MICHAEL ANDERSON

HEALTH PROGRAM EVALUATOR

Enthusiastic Public Health Evaluation Specialist with over 5 years of experience focused on health promotion and disease prevention. My career has been dedicated to evaluating health programs aimed at improving the well-being of various populations, particularly in rural areas. I excel in conducting comprehensive evaluations that provide actionable insights for program improvement.

PROFESSIONAL EXPERIENCE

Rural Health Initiative

Mar 2018 - Present

Health Program Evaluator

- Evaluated health promotion programs targeting obesity, leading to a 15% reduction in BMI among participants.
- Conducted interviews and focus groups to gather community input on health needs.
- Utilized statistical software to analyze program data and generate reports.
- Developed and implemented evaluation tools to measure program outcomes.
- Collaborated with local agencies to align health initiatives with community needs.
- Presented findings to stakeholders, influencing future program funding.

Wellness Community Center

Dec 2015 - Jan 2018

Public Health Intern

- Assisted in the evaluation of mental health programs, collecting qualitative data through surveys.
- Supported the development of marketing materials to promote health services.
- Conducted data entry and analysis for program assessments.
- Engaged with community members to assess health literacy levels.
- Coordinated events to raise awareness about mental health resources.
- Compiled evaluation reports to inform program improvement strategies.

ACHIEVEMENTS

- Recognized for outstanding contributions to community health programs by the Local Health Board.
- Increased community outreach effectiveness by 40% through focused evaluation strategies.
- Successfully led a project that improved access to health services in underserved areas.
