---

## SUMMARY

Dedicated Public Health Officer with over 8 years of experience in community health initiatives and disease prevention programs. Proven track record in implementing effective health policies and managing public health campaigns aimed at improving health outcomes in underserved populations. Skilled in data analysis and utilizing epidemiological methods to assess public health needs.

---

## WORK EXPERIENCE

### Public Health Officer City Health Department

Jan 2023 - Present

- Led a team to develop and implement a vaccination campaign, increasing immunization rates by 30% in the target population.
- Conducted epidemiological studies to identify health trends and inform policy decisions, resulting in a 20% reduction in disease outbreaks.
- Established partnerships with local organizations to improve community access to health resources.
- Organized workshops and training sessions for healthcare professionals on emerging public health issues.
- Utilized statistical software to analyze health data and prepare reports for stakeholders.
- Advocated for public health funding and resources, successfully securing grants totaling over \$500,000.

### Health Program Coordinator Non-Profit Health Organization

Jan 2020 - Dec 2022

- Managed health education programs that reached over 5,000 community members annually.
  - Developed and distributed educational materials focusing on nutrition and preventive health.
  - Coordinated health fairs that provided free screenings and resources to underserved populations.
  - Trained volunteers to assist in program implementation and outreach activities.
  - Evaluated program effectiveness through participant feedback and health outcome measures.
  - Collaborated with local schools to integrate health education into the curriculum.
- 

## EDUCATION

### Master of Public Health (MPH), University of Public Health, 2012

Sep 2019 - Oct 2020

---
