### PROFILE

Results-oriented Public Health Outreach Specialist with over 10 years of experience in health promotion and disease prevention. Expertise in designing and implementing community-based interventions that improve health outcomes among high-risk populations. Adept at utilizing quantitative and qualitative research methods to inform program strategies and evaluate impact. Strong leadership skills with a focus on building team capacity and fostering collaboration among diverse stakeholders.

### EXPERIENCE

#### SENIOR OUTREACH SPECIALIST

##### Wellness Matters Initiative

*2016 - Present*

- Directed comprehensive outreach programs addressing substance abuse in urban communities.
- Implemented a data-driven approach to identify and target at-risk populations effectively.
- Coordinated with local health providers to streamline access to addiction recovery services.
- Trained staff on best practices for community engagement and support.
- Facilitated workshops that educated over 1,000 community members on prevention strategies.
- Developed evaluation metrics to assess program outcomes and inform future initiatives.

#### PUBLIC HEALTH ANALYST

##### State Department of Health

*2014 - 2016*

- Conducted epidemiological studies to assess the impact of public health interventions.
- Collaborated with cross-functional teams to develop state-wide health promotion initiatives.
- Analyzed health data trends to identify emerging public health challenges.
- Presented findings to stakeholders to advocate for policy changes and funding allocations.
- Wrote reports that contributed to the development of state health policy frameworks.
- Led community forums to gather input on public health priorities and service gaps.
