MICHAEL ANDERSON

PUBLIC HEALTH PROGRAM COORDINATOR

Accomplished Public Health Program Coordinator with a focus on maternal and child health, bringing over 10 years of experience in program management and policy advocacy. With a Master's degree in Public Health and a deep understanding of health systems, I have dedicated my career to improving maternal and child health outcomes.

PROFESSIONAL EXPERIENCE

Maternal Health Coalition

Mar 2018 - Present

Public Health Program Coordinator

- Coordinated a statewide initiative to improve access to prenatal care, serving over 5,000 women annually.
- Implemented evidence-based practices that contributed to a 20% reduction in preterm births.
- Developed and managed partnerships with healthcare providers and community organizations.
- Conducted training for healthcare professionals on maternal health best practices.
- Facilitated focus groups with mothers to gather insights on health service gaps.
- Monitored program performance and adjusted strategies based on outcomes.

Child Health Program

Dec 2015 - Jan 2018

Program Manager

- Led initiatives aimed at reducing childhood obesity rates in low-income neighborhoods.
- Implemented nutrition education programs in schools leading to a 30% increase in healthy food choices.
- Managed a team of 15 staff to deliver community health workshops.
- Collaborated with local government to promote physical activity initiatives.
- Conducted research on childhood health trends to inform program development.
- Established partnerships with local businesses for sponsorship of health events.

ACHIEVEMENTS

- Authored a policy brief that influenced state maternal health legislation.
- Recognized for outstanding contribution to maternal health in 2020.
- Increased program funding by 40% through successful grant applications.
