ACHIEVEMENTS

- Recognized by the Environmental Protection Agency for excellence in safety management.
- Successfully led a project that reduced hazardous waste by 50% in one year.
- Developed a community health program that received a state grant for its innovative approach.

PROFILE

Results-driven Public Health Safety Specialist with over 8 years of experience in environmental health and safety management. I have demonstrated expertise in assessing environmental risks, implementing safety compliance programs, and promoting sustainable practices within organizations. My strong analytical skills allow me to identify potential health hazards and develop strategies to mitigate them effectively.

EXPERIENCE

ENVIRONMENTAL HEALTH SAFETY OFFICER

Green City Initiative

2016 - Present

- Implemented safety compliance programs that led to a 40% decrease in environmental violations.
- Conducted risk assessments and audits for various facilities to ensure adherence to regulations.
- Developed and facilitated training for over 300 employees on safety protocols and environmental practices.
- Collaborated with local governments to promote sustainable public health initiatives.
- Managed hazardous waste disposal projects, ensuring compliance with state and federal laws.
- Produced detailed reports for stakeholders on safety performance and improvement plans.

SAFETY COORDINATOR

Eco-Friendly Corporation

2014 - 2016

- Conducted thorough safety inspections, identifying and mitigating potential hazards.
- Promoted workplace safety through the development of comprehensive training materials.
- Assisted in the implementation of an environmental management system, improving sustainability metrics.
- Collaborated with cross-functional teams to ensure health and safety compliance.
- Organized community outreach programs that educated the public on environmental health issues.
- Monitored air and water quality, reporting findings to management and regulatory bodies.
